

PROJECT STAFF

Paul Andrew Haselhuhn, AIA, LEED AP, BD+C
President

Paul is a seasoned architect with a passion for innovative design and sustainable practices. Since joining **WTA** in 1998, Paul has played a pivotal role in shaping our projects, and he now holds the position of President. With expertise spanning planning, programming, design, construction documents, and construction administration, Paul brings a comprehensive understanding of the architectural process. Beyond our firm, Paul's influence extends to the larger architectural community. As the 2023 President of the Board for the Michigan chapter of the American Institute of Architects (AIA), he is at the forefront of advancing architectural standards and promoting excellence within the profession. The following projects are representative of his abilities:
